To our valued customers,

While it has been an honor to serve this community for the past thirty years, the time has come for Danny and Carol to lay their plow down. Snow removal is such a vital resource during the winter months and while it was a difficult decision to retire from the responsibility, it gives us solace that we are able to recommend a great man that many of you probably already know. We are hoping each of you will reach out to have your snow removal service completed by Reliable Raul Garcia. He has been working in this community for a great number of years and is expanding his snow removal service. You can contact Raul at the following:

CELL: 909-499-0341

OFFICE: 909-867-4867

EMAIL: Raul@RELIABLE.COM

We thank each and every one of you for trusting us with your snow removal all these years and now look forward to enjoying the winter months in a way we have not for a very long time.

Sincerely,

Daniel and Carol Wagner

Bacon/Wagner Excavating
